

Onsite Training:

For your convenience, the workshops in this brochure can be offered at your place of business.

OSHA 10 training is also available.

Watch a free Webinar:

Through the support of Senator Leahy and a grant from the U.S. Department of Labor Education and Training Administration, we are pleased to offer you access to a webinar presented by one of our trainers.

Managing Conflict on the Job

Employees and supervisors need to work together - across functions and across traditional work boundaries. In this webinar, participants will learn the reasons for conflict. Participants will also learn several ways to manage conflict so it doesn't interfere with work getting done.

To view this webinar visit the Apprenticeship page on our website www.vtcted.org.

Electrical Offerings:

EXAM PREP for Journeyman's or Master's Exam

Instructor: Dennis Downer

This 8-hour workshop is designed to prepare you for the rigorous Journeyman's or Master's licensing examination using the National Electric Code. Workshop will include a review of theory, calculations, and codes essential to successfully pass the exam. You will learn how to use your Code book with speed, efficiency and accuracy. Test taking techniques will be stressed. A practice exam will be handed out to take home with answers along with other study exams. Instructor is a leading expert in the field. **Cost \$120***

December 17, 2011 8:30a - 5:00p
May 12, 2012 8:30a - 5:00p

*Apprenticeship Program Graduates— Through a grant from the Vermont Department of Labor, the first workshop before your journeyman's exam is free if you were at graduation - you still need to register online.

2011 CODE UPDATE (15 hr)

Instructor: John Foster

This workshop will cover changes to the 2011 National Electric Code (NEC). Each day will be 7.5 hours of instruction. Workshop is approved by the Vermont State Electricians' Licensing Board and meets the Vermont State requirements for 15 hours of continuing education. Workshop is also approved for Maine and New Hampshire CEU credits (be sure to list your Maine and/or New Hampshire license number on the registration form). Instructor is a leading expert in the field. **Cost \$150**

December 17 & 18, 2011 8:30a - 4:30p each day
May 12 & 13, 2012 8:30a - 4:30p each day

January 14 & 15, 2012 8:30a - 4:30p each day
(LOCATION: Dean Center - Springfield, VT)

Plumbing Offerings:

EXAM PREP for Journeyman's or Master's Exam

Instructors: GJ Garrow/Jim Ficken

This 8-hour workshop is designed to prepare you for the rigorous Journeyman's or Master's licensing examination using the 2009 International Plumbing Code. Workshop will include a review of theory, calculations, and codes essential to successfully pass the exam. You will learn how to use your Code book with speed, efficiency and accuracy. Test taking techniques will be stressed. A practice exam will be administered and reviewed. Instructors are leading experts in the field. **Cost \$120***

December 17, 2011 8:30a - 5:00p
May 12, 2012 8:30a - 5:00p

*Apprenticeship Program Graduates— Through a grant from the Vermont Department of Labor, the first workshop before your journeyman's exam is free if you were at graduation - you still need to register online.

CONTINUING ED (8 hr)

Instructors: GJ Garrow/Jim Ficken

This 8-hour workshop will consist of 6 hours on the 2009 International Plumbing Code and 2 hours on Backflow Prevention. Workshop is approved by the Vermont State Plumbers' Examining Board and meets the Vermont State requirements for 8 hours of Plumbing CEU credits. Instructors are leading experts in the field. **Cost \$120***

Note: If you need less than 8 hours of Continuing Ed, we can accommodate you. Please contact Bonnie at bchamberlin@vtc.edu or 802-728-1422.
